

AMENDED IN ASSEMBLY APRIL 23, 2013

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 513

Introduced by Assembly Member Frazier

(Principal coauthors: Assembly Members Chesbro and Gordon)

(Coauthors: Assembly Members Ammiano, Garcia, Skinner, and Stone)

February 20, 2013

An act to add Section 42872.1 to the Public Resources Code, relating to tire recycling.

LEGISLATIVE COUNSEL'S DIGEST

AB 513, as amended, Frazier. Tire recycling program: rubberized asphalt.

The California Tire Recycling Act (act) requires a person who purchases a new tire to pay a California tire fee, for deposit in the California Tire Recycling Management Fund, for expenditure by the department, upon appropriation by the Legislature, to pay the costs of operating the tire recycling program. The act provides that the tire recycling program may include the awarding of grants, loans, subsidies, and rebates and the payment of incentives for various purposes related to reducing landfill disposal of used whole tires and tire recycling.

This bill would establish the Rubberized Asphalt Concrete Market Development Act and would require the department, in accordance with the tire recycling program, to award grants ~~to cities, counties, and other local government agencies for the funding of public works for certain~~ *public agency* projects that utilize rubberized asphalt concrete. The bill would require the department to annually expend \$10,000,000 from the moneys authorized to be expended for the tire recycling program, upon

appropriation by the Legislature, to award these grants. The bill would require the grants to pay \$2 for every 12 pounds of crumb rubber used in a paving project by a ~~local government~~ public agency. The bill would specify selection procedures if the grant requests exceed the money allocated.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 42872.1 is added to the Public Resources
